

Endorsement Form: President's Impact Award Nomination

Nominations for the President's Impact Awards must be put forward by a Department Chair, Academic Director, Vice- or Associate Dean Research, or Vice-Principal Research of the nominee's or team lead's academic unit or division at the University of Toronto.

To ensure that academic divisions are aware of nominations, they must also be endorsed by a Faculty Dean, Principal, Vice-Principal Research, or Vice- or Associate Dean Research.

Both the nominator and endorser must authorize the nomination by signing this form.
Electronic signatures are permitted.

Note: There is no limit to the number of nominations endorsed by each division, but divisions and units are encouraged to be selective and affirm that the nominated impacts are realized (not anticipated), measurable, recognizable by others, and rooted in nominees' original research conducted at the University of Toronto.
