Each time a document is returned to the PI for revision a new version is created.

The determination of whether a document is returned to the ORE Manager or the Committee Vet is programmed by the Manager or Vet at steps B or C.
1. Each time a document is returned to the PI for revision a new version is created.

2. The determination of whether a document is returned to the ORE Manager or the Committee Vet is programmed by the Manager or Vet at steps B or C.
