NIH Overview

- Agency of the U.S. Department of Health and Human Services
- 27 Institutes and Centers
- Operations are based in Bethesda, Maryland
- \$32.9 billion invested FY2016 toward medical research
- 80% of the NIH's funding is awarded through 50,000 grants institutions in and outside the US.
- In FY 2015 NIH awarded 502 grants with a funding in the amount of 246 million to Non-US institutions - Representing 1% of the total NIH funding awarded in FY2015

Mission & Goals

NIH's mission is to seek fundamental knowledge about the nature and behavior of living systems and the application of that knowledge to enhance health, lengthen life, and reduce illness and disability

- to foster fundamental creative discoveries, innovative research strategies, and their applications as a basis for ultimately protecting and improving health;
- to develop, maintain, and renew scientific human and physical resources that will ensure the Nation's capability to prevent disease;
- to expand the knowledge base in medical and associated sciences in order to enhance the Nation's economic well-being and ensure a continued high return on the public investment in research; and
- to exemplify and promote the highest level of scientific integrity, public accountability, and social responsibility in the conduct of science.

GRANTS & FUNDING National Institutes of Health Office of Extramural Research Types of Grant Programs Grants Process NIH uses activity codes (e.g. R01, R43, etc.) to differentiate the wide variety of research-Grants Process Overview related programs we support. NIH Institutes and Centers (ICs) may vary in the way they use Planning Your activity codes; not all ICs accept applications for all types of grant programs or they apply Application specialized eligibility criteria. Look closely at Funding Opportunity Announcements (FOAs) to Writing Your Application determine which ICs participate and the specifics of eligibility.

- This area is where you will enter all the administrative information relating to your award
- Refer to U of T NIH Guide as it provides you with all relevant information for each area of this initial overview.

A few helpful tips on SF424

- Which RSO contact will you be working with?
 - Divided by faculty
 - Faculty of Medicine is separated by last name
- All uploads MUST be in PDF Format
- Although not required it is always advisable to include a cover letter
 - Refer to I-55 in the application guidelines.
 - Outlines key ideas to include.

PHS 398 Cover Page Supplement

- Please complete all sections relevant to your application
 - Is this a Clinical Trial?
 - Agency- Defined Phase III Clinical Trial?
 - -Program Income?
 - -Use of Human Embryonic Cells
 - -Inventions and Patents? (Renewals)
 - -Change of Investigator

R&R Other Project Information

- Item 1a & 2a Human Subjects Assurance Number & Animal Welfare Assurance Number
 - Refer to U of T NIH guide
- Item 4 Environmental impact?
- Item 7 Project Summary/Abstract
 - No more than 30 lines, suitable for dissemination to the public
 - Serves as a stand alone succinct & accurate description of proposed work
- Item 8 Project Narrative
 - Prepare in accordance with the announcement and/or agency specific instructions
 - General, it should describe the relavance of this proposed work to public health

R&R Other Project Information

Item 9 - Bibliography & Works Cited

- Item 10 Facilities & Other Resources
 - Used to assess the capability of the Organizational resources available to perform the proposed work
- Item 11 Equipment
 - List major items of equipment ALREADY available for this project.

R&R Other Project Information

Item 12 - Other Attachments

 Attach files only to provide any other key information not covered under any of the other sections or in accordance with the specific announcement and/or agency specific instructions

Foreign Justification

- MUST be included with all applications originating from U of T
 & Must describe:
 - Specific relevance to mission and objectives of NIH
 - Potential to advance health sciences in the US
 - Is similar research underway in the US and a need for additional research in area?

R&R Senior Key Personnel

- Each PD/PI will need an eRA Commons user name
 - Your RSO liaison will create for you
- You must list each individual identified as key personnel
 - attach a PDF Bio-Sketch for each Key Personnel
 - Should not exceed <u>5 pages</u> and it is critical to follow the instructions using the most recent forms
 - include all sub-awardees

Always open each PDF as you upload to ensure they are

PHS 398 Research Plan

- Specific Aims
 - It is advisable to tailor your aims to the opportunity you are applying to. As Krista indicated "fit" is a key to success with NIH
- Research Strategy
 - In this area you would map out your aims in greater detail and tie in how funding through this mechanism would allow you to meet these aims. Focus on methodology, significance of your work, the impact, its innovative nature

ALWAYS adhere to page limits - Verifying these with FOA

PHS 398 Research Plan

• Item 11 – Multiple PD/PI Leadership plan

- Item 12 Consortium/Contractual Agreements
 - Facepage or a letter of intent from Subawardee institution; this confirms participation

QUICK TIPS

Only add items to the relevant fields

The R&R Budget

- All foreign applicants MUST use the R&R Budget Form regardless of what the funding announcement states
 - Must be in USD
 - Note exchange rate in budget Justification

- Budget Periods may only be 12 months
 - If your require additional periods, please use the "add period".

The R & R Budget

Section A & B – Personnel

- Always indicate the PI as a PD/PI
- Include all calendar month effort even if no salary requested
 - U of T is on a 12 month appointment basis 10% effort equals 1.2 months
- Please ensure your are adhering to NIH's salary cap
 - http://grants.nih.gov/grants/policy/salcap_summary.htm
- Include all appropriate Fringe Benefits
 - Staff & Faculty- 24.75%, PDFs 10% + \$50/month, Students 0%
 - http://www.finance.utoronto.ca/services/benefits.htm

The R & R Budget

- Section C Equipment
- Section D Travel Fly America Act
- Section E Participant/Trainee Support
- Section F Other Direct Costs*
- Section G Direct Costs (Total Direct Costs)

The R & R Budget

- Section H Indirect costs
 - NIH IDC rate for foreign institutions is 8%
 - IDC cost base is all direct costs MINUS equipment
- Section I total direct & Indirect costs
 - Calculates automatically
- Section K Budget Justification
 - Currency Conversion
 - Description of each expense
 - PI roles and responsibilities salaries and benefits
 - How did you arrive at these costs?
 - PDF attachment open the attachment after you upload to make sure it is viewable

The R & R Budget — Subawards

- You must include a separate budget attachment for each subsite
- You would input the total of all subsites into Section F under #5, Subawards/Consortium/Contractual Costs.
- Subsites indirect costs DO NOT count against the direct cost limit
