Primary sub-discipline	Andropause
Secondary discipline	Agricultural engineering
Secondary sub-discipline	Agricultural power and machinery
Tertiary discipline	Agronomy, forestry
Tertiary sub-discipline	Botanical

Areas of application

Primary	Aerospace equipment manufacturing and repairing
Secondary	Agriculture

Keywords

Research or technology development	Aging, Andropause
Specific infrastructure	Project will expand the existing suite of instrumentation at the Aging Centre.

Project summary

This summary, together with the project title, team leader(s), administrative and collaborating institutions, and project keywords will be published on our website to allow researchers and institutions to identify synergies and possible collaboration opportunities.

.....

CFI will publish the project title and summary, team leader(s), administrative and collaborating institutions and project keywords on their website to encourage institutions to collaborate or form multi-institutional initiatives where appropriate. You should provide enough information about the proposed research activities and requested infrastructure so potential collaborators can identify possible synergies.
