

2022 Dorothy Killam Research Fellowship – Process for Referees

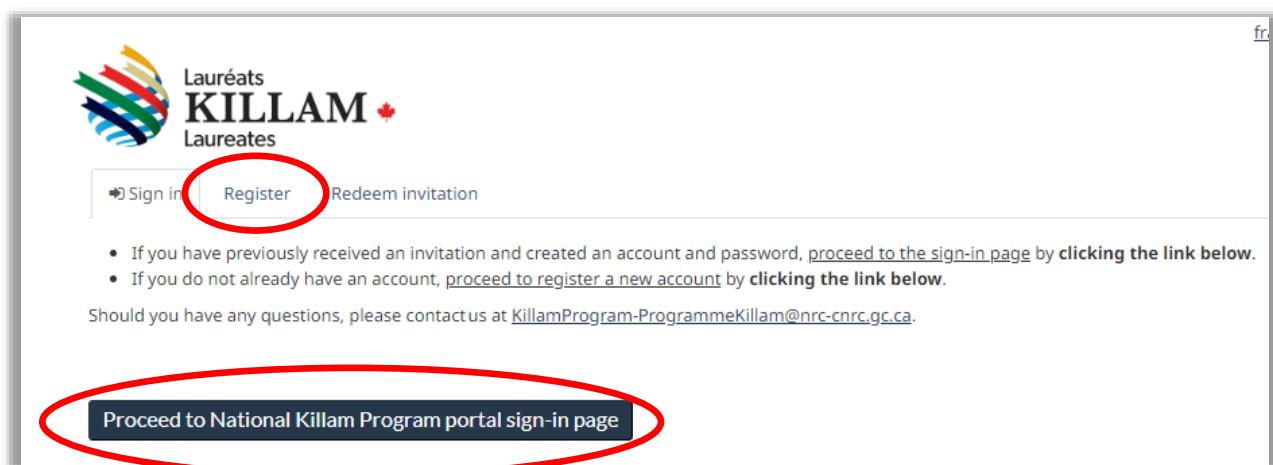

Applicants for the Dorothy Killam Research Fellowship require two reference letters. When an applicant includes the name and contact details (eg, email address) of a referee in their application, then the referee would receive three emails from the Killam program staff.

- The first email (text included here as Appendix 1) is just to notify the referee of their inclusion in the application.
- The second email (text included here as Appendix 2) is to invite the referee to create an account in the [Killam application portal](#).
- The third email (text included here as Appendix 3) includes information about the letter that is required and what is asked of the referee (in correspondence with Killam staff, it was said that there is a bit of a delay between the first and third emails, so if a referee has not yet received the second email, then they can consult Appendix 3 here for information on what is expected of their reference letter, or the screenshot on page 7, which also includes this information).

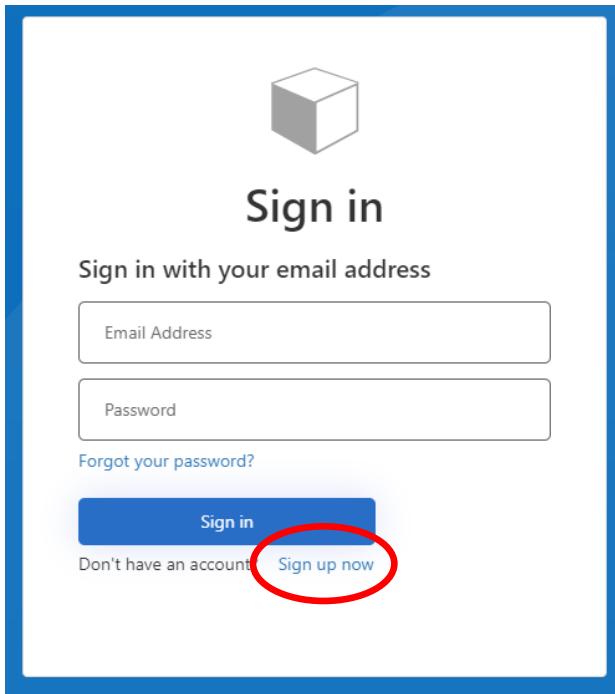

Once a referee has completed their reference letter, then that referee is required to upload the letter into the Killam site. The following screenshots illustrate how this can be done. For any technical assistance for questions that this document does not answer, then my apologies, but the Killam staff would have to be directly contacted at NRC.KillamProgram-ProgrammeKillam.CNRC@nrc-cnrc.gc.ca.

Instructions for a referee who has been asked to write a reference letter for a Killam Fellowship applicant:

1. **Go to the Killam application portal and register for an account** (you would register for an account using the same email address that the Fellowship applicant would have identified for you in their Killam application, and where you had received the automatically-generated email from the Killam portal (email #1 or #2):
<https://programmekillamprogram.powerappsportals.com/en-CA/SignIn>. ***NOTE: If you already have a registered account in the Killam portal, then just skip to step 1h below and go from there.
 - a. Click on the “Register” option
 - b. Then click on the “Proceed to National Killam Program portal sign-in page” button

c. Click the “Sign up now” option

d. Enter the required information in the “User Details” screen and then press the “Send verification code” button

The screenshot shows a "User Details" form. At the top is the title "User Details". Below it is a text input field containing the email address "stevenvanzandt630@gmail.com". Underneath is a blue "Send verification code" button, which is circled in red. Below the button are four empty input fields, each with three dots above it. The first field contains the name "Steven", and the second field contains "Van Zandt".

- e. The verification code would have been sent to your email address, so check your email inbox, and look for the email with the verification code. Then, copy the code, go back to the Killam “User Details” screen, paste the code into the “Verification code” field, and press the “Verify code” button. If the verification works, then you can press the “Create” button.

The screenshot shows the 'User Details' page with a blue header bar. At the top, there is a message: 'Verification code has been sent to your inbox. Please copy it to the input box below.' Below this are two input fields: one containing 'stevenvanzandt630@gmail.com' and another containing '215914'. Underneath these fields are two blue buttons: 'Verify code' and 'Send new code'. Both buttons are circled in red. Below these buttons are four empty input fields, each with three dots above it. The first input field contains 'Steven' and the second contains 'Van Zandt'. At the bottom of the page is a large blue 'Create' button, which is also circled in red.

- f. You will then be taken to the “Terms and Conditions” page of the Killam portal (as if you are the applicant, which is not the case, but nonetheless). Just click on the “I agree to these terms and conditions” box and press the “Continue” button at the bottom of the page.
- g. You will then be taken to a “Profile” page, so just review the information to ensure it is correct, and then press “Submit”.

- h. Now press on the “Menu” option near the top of the “Profile” screen and select “My submissions”. Once on the “My submissions” page of your Killam account, you will be able to complete your role as Referee for the Fellowship applicant.

The screenshot shows the National Killam Program Profile page. At the top left is the Killam Laureates logo. Below it, the navigation bar includes "National Killam Program" and "Profile". On the right is a "Sign Out" button. A red circle highlights the "Menu" button in the top left corner of the main content area. A secondary red circle highlights the "My submissions" link in a dropdown menu that appears when the "Menu" button is clicked. The main content area displays a green success message: "Submission completed successfully." Below this, there are fields for "First Name (required)" containing "Steven" and "Last Name (required)" containing "Van Zandt". There is also an "E-mail" field with the value "stevenvanzandt630@gmail.com". At the bottom is a "Submit" button.

2. Complete the Referee tasks in your Killam account

- When you get to the “My submissions” page of your Killam account, you should be able to see the application from the Applicant who requested your reference letter.

The screenshot shows the "My submissions" page. The title "My submissions" is at the top. Below it is a table with one row, indicated by a red arrow pointing to the left edge of the table. The table columns are "Name", "Beneficiary name", "Program Name", "Modified On", and "Status Reason". The data in the row is: Name - SM-22-001009, Beneficiary name - Sarah Scott, Program Name - Dorothy Killam Fellowship, Modified On - 5/25/2022 9:35 PM, Status Reason - Released for Review. There is a small checkbox next to the status reason.

- b. Click on the box to the far right, and you will see an “Edit” option. Click on “Edit”.

Name	Beneficiary name	Program Name	Modified On	Status Reason	
SM-22-001009	Sarah Scott	Dorothy Killam Fellowship	5/25/2022 9:35 PM	Released for Review	<input type="button" value="Edit"/> <input type="button" value="Delete"/>

- c. After pressing “Edit” (as above), you will be taken into the application. On the “Expert” page of the application, review your information there to ensure it is correct, revise if need be, and then click on “Validate and save” at the bottom of the page. Then press “Next”. (see screenshot on next page)

Letters of support from referees in the field (maximum 1000 words in English, 1200 words in French)

- In English or French, from Canada or abroad
- If translated from another language, the original letter must also be submitted

You will need an understanding of the applicant's work, and be willing to speak to the exceptional quality of the candidate's research achievements, nationally and internationally where applicable, and the candidate's outstanding commitment, creativity and efforts to share research knowledge beyond the academic community.

For the Killam Prize

Please ensure your letter contains a review of the applicant which references the following:

- exceptional quality of the candidate's research achievements
- evidence of the candidate's outstanding commitment, creativity and efforts to share research knowledge beyond the academic community
- enduring contribution of the candidate's ideas and research results to Canadian society, including the nation's intellectual and/or cultural life
- scope of the candidate's research contributions, taking into account the norms of the field of study
- international stature of the candidate, where appropriate

For the Dorothy Killam Fellowship

A Dorothy Killam Fellow is a leading researcher whose superior, ground-breaking, best-in-class research stands to have significant impact on a national or global scale. A Fellow is someone who also reflects one or more of the Killam attributes:

- Inclusive collaborator - whose work exemplifies inclusion and understanding of people, cultures and needs with participation among all economic, social and cultural backgrounds
- Barrier breaker - whose original, transformational, future-focused generation of knowledge and technology stands to change the way we live
- Research leader - who activates thoughtful cooperation among scholars, disciplines and institutions to create a multiplier effect within the research ecosystem

The Dorothy Killam Fellowship is meant to support scholars who:

- demonstrate commitment to building Canada's future and alignment with Killam attributes
- are early- to mid-career researchers (typically have completed their PhD no more than 15 years prior)
- are employed at a Canadian research institution

Please consider addressing in your reference letter how the applicant embodies at least some of the Killam attributes.

Validate and save

- f. You will then be brought to the “Research category” page, but referees are not required to do anything on this page, so just hit “Next”.
- g. Finally, you will be brought to the “Validation and submit” page. Here you:
- Click “Accept” under the “Letter of Acceptance” heading (as this confirms you are willing to submit a reference letter for the Fellowship applicant)
 - Click on “Submit form”
 - A “Submit” box will pop up, confirming that you understand that once you press “submit”, you won’t be able to modify your submission of the letter. If you agree, press “Ok”.

After the above has been completed, the applicant will receive an automatically-generated email that confirms that you, as the Referee, have accepted their request for a letter of reference.

*****Information for Applicants:**

After a referee has completed the above steps, then you will receive that automatically generated email (as above), and in your application in your own Killam portal account, go to the “Identification of experts providing letters of support” section of your application, and you should see that the “Status” of that referee has changed to “Expert submitted letter”.

Appendix 1: first email to referees

The following email message will be automatically sent to referees after an applicant adds the contact information for each referee in the “Identification of experts providing letters of support” section of their Killam application (and after the applicant presses the “Validate and save” and “Send Invitations to Submission Experts” buttons in that section of their application).

Dear [Referee name]:

[Applicant] has applied for [a Dorothy Killam Fellowship](#) and has named you as a referee. For each Dorothy Killam Fellowship application, reference letters are requested for a thorough, critical review of the scholarly merits and impact of the proposed research projects.

The purpose of a Dorothy Killam Fellowship is to provide two years of release time to an individual scholar who wishes to pursue independent research. An applicant must be an established scholar who has performed outstanding research and who has published the results of this research over a period of several years.

Further information about the Dorothy Killam Fellowship and the National Killam Program is available at [National Killam Program - National Research Council Canada](#).

If for any reason you are unable to provide a letter of reference, please send an email to KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca as soon as possible.

If you choose to accept, please provide the following in one document to be uploaded on or before **June 17, 2022**:

Letter of Reference (1000 words English, 1200 words in French)

You will need an understanding of the applicant's work and be willing to speak to their appropriateness for this Fellowship considering the *attributes of a Killam Fellow*.

Dorothy Killam had a vision of building Canada's future through advanced study. Through her will, she established a perpetual trust to realize her vision and fund generations of scholars in Canada.

A Dorothy Killam Fellow is a leading researcher whose superior, ground-breaking, best-in-class research stands to have significant impact on a national or global scale. A Fellow is someone who also reflects one or more of the Killam attributes:

- Inclusive collaborator - whose work exemplifies inclusion and understanding of people, cultures and needs with participation among all economic, social and cultural backgrounds
- Barrier breaker - whose original, transformational, future-focused generation of knowledge and technology stands to change the way we live
- Research leader - who activates thoughtful cooperation among scholars, disciplines and institutions to create a multiplier effect within the research ecosystem

The Dorothy Killam Fellowship is meant to support scholars who:

- demonstrate commitment to building Canada's future and alignment with Killam attributes
- are early- to mid-career researchers (typically have completed their PhD no more than 15 years prior)
- are employed at a Canadian research institution

Please consider addressing in your reference letter how the applicant embodies at least some of the Killam attributes.

Please upload to the [National Killam Program portal](#) on or before June 17, 2022.

Because the selection committee for these prestigious awards is multidisciplinary, it relies heavily on the opinions of external referees in reaching a final decision on each candidate. Therefore, when preparing your reference letter, please bear in mind that you are writing mainly to a broad audience. If you do not consider yourself in a position to speak to these criteria in relation to this applicant, please feel free to decline submitting a reference letter.

The National Killam Program is subject to the Access to Information Act and the Privacy Act, under which applicants may access information regarding their application. While the National Killam Program may release evaluations from reviewers, it is under obligation to withhold the identity and any comments which may identify the reviewer.

The information provided to you is confidential and may only be used for the purpose of assessing this application.

If you have any questions concerning this e-mail, please contact KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca.

Thank you.

Best Regards,

The National Killam Program Office
KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca

Cher [Titre] [Prénom] [Nom] :

[candidat] a posé sa candidature pour une [bourse Dorothy Killam](#) et vous a désigné comme personne de référence. Pour chaque demande de bourse Dorothy Killam, des lettres de référence sont demandées afin de procéder à un examen approfondi et critique des mérites scientifiques et l'impacte des projets de recherche proposés.

Les bourses de recherche Dorothy Killam ont pour but premier de permettre à un chercheur de se libérer de son travail habituel pendant deux ans et ce, afin d'entreprendre une recherche indépendante. Elles sont destinées à des chercheurs canadiens reconnus qui ont fait des travaux de recherche exceptionnels et qui, au cours des ans, en ont publié les résultats.

Pour de plus amples renseignements sur la bourse Dorothy Killam et le Programme national Killam, veuillez consulter le site [Programme national Killam - Conseil national de recherches Canada](#).

Si, pour une raison quelconque, vous n'êtes pas en mesure de fournir une lettre de référence, veuillez envoyer un courriel à KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca dès que possible.

Votre rôle, si vous décidez d'accepter, est de fournir le document suivant au plus tard le 17 juin 2022 :

Une lettre de référence (1000 mots en anglais, 1200 mots en français)

Vous devrez comprendre le travail du candidat et être prêt à parler de son adéquation à cette bourse en tenant compte les attributs d'un boursier Killam.

Dorothy Killam voyait l'avenir du Canada se bâtir par le biais des études supérieures. Par son testament, elle a créé une fiducie perpétuelle afin de concrétiser sa vision et de financer les futures générations de chercheurs au Canada.

Les bénéficiaires d'une bourse Dorothy Killam sont d'éminents chercheurs ou d'éminentes chercheuses qui mènent des recherches de pointe, révolutionnaires et de premier plan, qui sont susceptibles d'avoir des répercussions importantes à l'échelle nationale ou mondiale. Ces personnes possèdent certaines caractéristiques associées au programme national Killam, faisant preuve :

- l'élimination des obstacles - le travail de la personne mobilise des connaissances et des technologies originales, transformationnelles et axées sur l'avenir qui transformeront notre mode de vie;
- la collaboration inclusive - le travail de la personne représente un modèle d'inclusion et de compréhension des gens, des cultures et des besoins et comprend la participation de tous les milieux économiques, sociaux et culturels;
- le leadership en recherche - le travail de la personne facilite une collaboration réfléchie entre les chercheurs, les disciplines et les établissements afin de créer un effet multiplicateur au sein de l'écosystème de la recherche.

Les bourses Dorothy Killam appuient ceux et celles qui :

- affichent une détermination à contribuer à l'avenir du Canada et font montre de certains principes associés au programme national Killam;
- sont en début ou en milieu de carrière (c'est-à-dire ayant généralement terminé leur doctorat depuis 15 ans ou moins);
- travaillent dans un établissement de recherche canadien.

Veuillez fournir une lettre de référence comprenant une évaluation du candidat qui fait référence aux éléments précédents.

Veuillez télécharger sur le [portail du programme Killam](#) au plus tard le 17 juin 2022.

Le comité de sélection de ces prix prestigieux étant multidisciplinaire, il s'appuie largement sur l'avis de référents externes pour rendre une décision finale sur chaque candidat. Par conséquent, lorsque vous préparez votre lettre de référence, n'oubliez pas que vous vous adressez principalement à un large public. Si vous ne vous considérez pas en mesure de parler de ces critères en relation avec ce candidat, n'hésitez pas à refuser de soumettre une lettre de référence.

Le Programme national Killam est assujetti à la Loi sur l'accès à l'information et à la Loi sur la protection des renseignements personnels, en vertu desquelles les candidats peuvent avoir accès aux renseignements concernant leur demande. Bien que le Programme national Killam puisse publier les évaluations des évaluateurs, il est tenu de ne pas divulguer l'identité et tout commentaire pouvant identifier l'évaluateur.

Les informations que nous vous avons fournies sont confidentielles et ne peuvent être utilisées que dans le cadre de l'évaluation de cette candidature.

Si vous avez des questions concernant cet e-mail, veuillez contacter KillamProgrammeKillam@nrc-cnrc.gc.ca.

Nous vous remercions.

Meilleures salutations,
Bureau du programme national Killam
KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca
