• The icon with the magnifying glass in the upper left corner can be used to search for a programme (e.g. "Horizon Europe") and country (e.g. "Canada"). Results can be further narrowed down by inserting a pillar description (e.g. "global challenges"), thematic priority description (e.g. "climate, energy and mobility"), or specific organisation.

- By hovering the mouse over the graph on the right side of the screen, it is possible to see the number of participations and net EU contribution for the selected parts of the programme.
- By selecting a different 'sheet' in the upper right corner, it is for example possible to display 'key figures', including the top organisations participating in the selected parts of the programme.

Information about specific projects or participants

- Select "R&I projects"
- Select "Self-service BI"
- The icon with the magnifying glass in the upper left corner can be used to search for a programme (e.g. "Horizon Europe") and country (e.g. "Canada"). Results can be further narrowed down by inserting a pillar description (e.g. "global challenges"), thematic priority description (e.g. "climate, energy and mobility"), or specific organisation.
- By further adjusting the "Dimensions" and "Measures" tabs on the left side of the screen, customised tables and charts can be generated that display the relevant information.
